Imported Fatherless, the English bred son of Isonomy and Orphan Agnes by Speculum, who rules as premier sire in the Ellerslie Stud, of R. J. Hancock and Son, Charlottesville, Va., has made a remarkable showing as a sire of winners already this season and fürther developments promise even more pleasing developments. Fatherless was imported from England about five years ago by the Messrs, Hancock and began siring winners right from the start. The brown stallion is now seventeen years old and so vigorous and well preserved that seemingly he is good for service at least a decade longer. Of his get that have started this season seventeen have been returned winners, among them being some half dozen or more two-year-olds, the latter including Tillinghast, the brown gelding from Rosella, now racing in California. Statistics compiled to the close of the Benning meetling, at Washington, on Roin Hosein, now racing in carrying the Ratistics compiled to the close of the Benning meeting, at Washington, on the 13th instant show that the get of Fatherless have won \$12,802, the two-year-olds by him being prominent in all of their races.

The show will be held on the lawn of the season. The show will be held on the Riverside Club, which is a charming country affair, near town, and an attractive programme has been provided by Mr. John F. W. Ruffin and other members of the club.

Among the attractions will be entries from the Deep Run Hunt Club, including a hunt team, while many of the best known harness and saddle horses owned in this section will compete in the different classes. Entries to the class for thoroughbred staillons include Duke of Keadall, winner of the Benning Handleap for 1906, while the elite of Petersburg's social element will be represented in the classes for ponies, harness and saddle horses, herses and jumpers. Among the gentlemen to serve as judges are Harry C. Beattie, W. W. Osborne and J. B. McComb.

permissiole. On the strength of that ruling the business has flourished here off and on. Two or three clubs like the Long Aere, the New Polo and Billy Elmer's Consolidated A. C., have made a fine show of living strictly up to the letter of the law and were not molested. But as soon as they would get going a few weeks the old hungry promoters would get an uncontrolable hankering for a "slice" of it, and up would spring innumerable clubs for the purpose of holding bouts.

Any old hall would do, any old mixed ale boxers were good enough; any old method of selling tickets would suffice so long as the money came and came quick. Naturally, when these flagrant shams got going hard and flaunting their violations of the law in the newspapers, the police were shamed into taking a hand. When the police take a hand they are not going to study out.

shamed into taking a hand. When the police take a hand they are not going to study out the situation and decide whether there are possibly any clubs that have a right to hold bouts. All they take cognizance of is that some of them are illegal. Therefore, according to the limited reasoning powers of our "finest," all clubs are illegal and all boxing must stop.

This colt ran a "sucker race" in the Carter Handicap, despite the excuses put forward for him on the score of the early season, etc. He carried 198 pounds there, but here in the "Mot" he has four pounds off. Radtke will ride. This will be about the final test of the class of the \$45,000 colt. In the Carter Handicap he showed in front right to the final eighth pole, where he quit entirely. It will be a foolish thing for Messrs. Johnson and Farrell to start Roseben at a mile under 124 pounds, This horse will not run a mile at this time of year, a fact pretty fairly established last season. Handicapper Yosburgh has made Accountant top weight at 126 pounds. "Matt" Allen, the "Kid-Gloved Trainer." will scarcely accept the issue. Glorifier is in at 119 pounds. Dr. Gard. ner at 120 pounds would be the favorite if prices were posted right to-day. This is the colt for which "Big Tim" Sullivan paid "Barney" Schreiber \$17.000 last autumn. The Metropolian Handicap will be run on Thursday, May 9th, opening and a Belmont Park. It is at a mile, for three-year-olds and up, worth about \$15,000.

conflicting dates in the cities where both leagues have teams.

"Never again for us," says Johnson. "No matter what the National League may do next season, the opening games of the American League will not take place before April 18th or 20th at the earliest. If then a schedule cannot be fixed up which will avoid conflicting dates, why, let them conflict. The National League won't get any the better of it on conflict.

"There will be 154 games in the American League schedule, and it won't go any later in the fall, there being enough open datos in the present schedule to carry the present early dates, which will be shoved along. No reasonable man expects spring weath, er before May 1st in New York, Boston, Cleveland, Chicago or Detroit. Even in St. Louis, Philadelphia and Washington have had plenty of coid weather this month since the opening."

Students at Bedford Institution Welcome Ball Team. BEDFORD CITY, VA., April

The greatest athletic demonstration in the history of the school occurred here this week on the return of the baseball team from its trip to Hoge Military Academy and Hampden Sidney College. The excitement ran high when the report of the first game, a 6 to 1 victory over Hoge Military Academy, arrived here. This, however, was only a taste of what was to fol-low when it was learned that the Academy boys had won from Hampden

low when it was learned that the Academy boys had wen from Hampden Sidney by the score of 3 to 0. This, by the way, was the first time that Hampden Sidney had ever been shut out on her home grounds.

The entire student body went through a downpour of rain to meet the train, due at 3:30 A. M., on which the home team returned. As the team stepped off the train, pandemonium broke loose, Horns, drums, tin pans, and every known noise-making instrument were being used to their best advantage in the hilarious welcome. On the shoulders of their enthusiastic admirers, the boys were carried to the waiting tallyho. There the students formed in line, and with the team in their midst paraded the town singing and yelling the scores.

Baseball Outlook Bright.

In speaking of the outlook for the baseball team in her history since '98, though the teams is not as strong on base-running as it then was, and the pitchers are not as careful. The work of the infielders and the team's hitting come up to the standard set by the team of '98, though the team is a little weak behind tho bat.
